ABOUT US

Our vision and goal is to foster a culture in which we minister together; each person being an active minister of grace, truth, and purpose. Our church has adopted seven values upon which our ministries operate – biblical teaching, prayer, grace, relationships, unity, love, and excellence.

Current Sermon Series- "Fear Not: Finding Courage In An Anxious World" A study in the life of David. You would think that as a man after God's own heart, that God would take it easy on David and give him an anxious free life. That's not the case. This study is looking at different stressful moments in the life of David, how he dealt with them, and how we can go and do likewise.
